

## Parent Social Skills Inventory

**Child's Name:** \_\_\_\_\_ **Date:** \_\_\_\_\_

Rank the items using the scale below each item:

0      1      2      3      4      5      6      7      8      9      10  
 never                      sometimes                      frequently                      almost always

Item #	Item Description	Rating
1	My child appears to have good listening skills.	
2	My child greets his/her peers.	
3	My child demonstrates the ability to compromise in most situations.	
4	My child uses an average amount of eye contact during conversations.	
5	My child knows how to negotiate.	
6	My child initiates conversations with peers.	
7	My child makes encouraging comments to his/her peers.	
8	My child has good conversation skills.	
9	My child can manage their personal space. He/She does not bump into objects or people, does not stand too close to others.	
10	My child identifies and expresses their emotions well.	
11	My child understands there are consequences to his/her actions. He/She takes responsibility for their own actions and seems to grasp what is/is not his/her fault. He/She does not blame others or objects for their accidents.	
12	My child answers and asks questions during conversations.	
13	My child knows how to ask for help.	
14	My child both reads and demonstrates non-verbal communication well. He/She understands and integrates facial expressions, body language, voice tone and words and appears to understand the message being conveyed.	
15	My child feels confident in joining in with his/her peers.	
16	My child demonstrates positive problem solving skills. If a problem arises, he/she knows how to try different strategies to solve the problem and does not appear to often get stuck.	
17	My child is a flexible thinker. My child handles disappointment well. He/She can go with the flow and adjust to unforeseen changes in their schedule or their expectations.
